- Students must submit to CSC Admissions an official transcript from the college or university which issued the bachelor's degree and from any institutions attended afterwards, if applicable. Official transcripts must be sent directly to CSC from the college or university. Transcripts from CSC need not be submitted.

Students admitted to graduate study may be required to spend more than the minimum time to complete the work for the master's degree. The Graduate Council may require students to make up any deficiencies in preparation by completing specified courses toward the desired degree. Graduate study, plan of study filing, applications for graduation and oral examination are separate and independent thresholds in the degree program. Students must apply for and be approved for each step.

Note: Graduate students must complete at least 24 course credits of graduate course work after being accepted for graduate study.
